## Congress Gets Truman Health Measure Today

**Bill Introduced Into Congress To Carry Out Compulsory Health Insurance**

**HEARINGS TO START ON BILL PROMPTLY**

By FRANK B. ALLEN  
(I.N.S. Staff Correspondent)

**WASHINGTON, April 25.**—A bill was introduced in Congress today to carry out President Truman's compulsory health insurance program and extend coverage to 85 percent of the nation's population.

Eight administration senators and two House members joined to sponsor the controversial legislation.

Sen. Elbert Thomas (D) Utah, chairman of the Labor and Public Welfare committee which will handle the measure, introduced it in the Senate for himself and seven others.

House sponsors are Reps. Dingell (D) Mich., and Biemiller (D) Wis.

In a news statement the sponsors said the insurance would be extended to 85 per cent of the nation's population, including both employees and self-employed persons.

**Plan Calls For**

The compulsory insurance provision called for:

1. Nation-wide "prepaid personal health insurance."

2. "Free" medical and dental service for general practitioners and specialists, home nursing care, hospital and laboratory and X-ray services, medicine, eye glasses and special appliances.

3. Guarantee of "free choice" by the patient of doctors and dentists.

4. Right of doctors and nurses to participate or not, and the right to accept or reject patients.

5. Payment of doctors either by fee-for-service or monthly salaries.

6. "Graffiti Roots" administration. States could administer the system, but would have to meet requirements stated in the bill. At the Federal level, there would be a five-member board, assisted by an advisory council.

In providing aid for hospital construction, education of medical students, and grants for state and local health projects, the bill follows the same general pattern as pending measures offered by Sens. Taft (R) Ohio and Hill (D) Ala.

Senate co-sponsors with Thomas are Democrats Murray, Mont., Wagner, N. Y., Pepper, Fla., Chavez, N. M., Taylor, Idaho, McGrath, R. I., and Humphrey, Minn.

**Bill Faces Fight**

Murray said his Labor and Public Welfare subcommittee will go to work on the measure promptly. The bill is expected to get quick subcommittee approval because

## Seek To Speed Plans For W. German State

By TOM AGOSTON  
(I.N.S. Staff Correspondent)

**FRANKFURT, April 25.**—The western military governors, German officials, and Ambassador Robert D. Murphy met in Frankfurt today in an effort to speed establishment of a west German state.

The conference's task was believed lightened considerably by the announcement yesterday that the two leading west German parties—the Social Democrats and the Christian Democrats—had agreed on the final version of a constitution for the proposed state.

Leaders of the two parties indi-

cated that they now hope to complete their constitution by May 15, and that it will be acceptable to the United States, France and Britain.

Originally, the Social Democrats, under leadership of Dr. Kurt Schumacher, held out for a more highly centralized government than had been recommended by the western foreign ministers.

To Present Views

At today's session, the German officials—representing all western political groups except the Communists—will present their views to Murphy, who heads the State

## Brother Of Slain Girl Is Grilled In Pittsburgh

Nineteen Year Old Joseph Kensinger, Jr., Questioned In Death Of Carole In December

**PITTSBURGH, April 25.**—(INS)—Police today were grilling the husky brother of 12-year-old Carole Lee Kensinger who was brutally murdered in her Pittsburgh home last December while her parents were bowling.

The brother, Joseph Kensinger Jr., 19, has admitted ownership of a shirt, found stuffed in a garbage pail near his home several months after the slaying, which analysis revealed apparently was stained with blood.

He has been unable to account to the satisfaction of police for a 90-minute period the night his sister was stabbed 35 times and horribly slashed. Young Kensinger has insisted he was "checking freight cars" at work, but police maintained there were no cars checked at that time.

**Arrested Friday**

The youth was arrested Friday at midnight when he reported for work at the Union Railroad yards in nearby North Braddock. He was charged, however, with "suspicion of committing a felony" and possession of obscene literature.

Police whisked him to a "hideaway jail" in nearby Edgewood for questioning.

His attorney, who was secured by his parents, indicated today he would seek a writ of habeas corpus for his release.

Joseph Kensinger Sr., the father, indignantly protested the arrest and said:

"They don't know what they are doing. When this is over, I'll have plenty to say to clear this up. But I can't talk now."

He added that young Joseph has been pestered for weeks and it became so annoying at one stage that "I went to Mayor Lawrence and asked him to do something about it."

## Ten Persons Die In Truck-Train Crash In South

Nine Of Dead Members Of Same Family—Truck Is Struck By Train

**CARTHAGE, Tenn., April 25.**—(INS)—Ten persons, including nine members of the same family, were killed in a truck-train collision near Carthage last night as they returned from church services.

The truck, torn in two, was carried about 300 yards before the Tennessee Central Railroad freight was able to stop and several bodies were mangled.

Tennessee Safety Commissioner Sam Neal began an investigation into the accident which practically wiped out the Jeff Bennett family. Workmen were still clearing the tracks of rubble at dawn.

**Those Killed**

The dead, all passengers on the truck, were identified as: Jeff Bennett, 50, driver of the truck, of Hogan's Creek, Tenn.; Mattie Bell Bennett, 45, his wife; Douglas Bennett, a son; U. Lee, 10, a son;

Mrs. Paulie Bennett Dickens, 24, a daughter;

Paulie Dickens, 27, Mrs. Dickens' husband; Katherine Dickens, 12 months old, the Dickens' daughter; W. E. Bennett, 49, brother of Jeff Bennett;

Miss Linnie Gibbs, 17.

Only survivor among those on the truck, Ruth Robinson, is at Lebanon hospital with a broken pelvic bone. Attendants described her condition as "fair."

Statistics for the 24-hour period ending at 9 o'clock Sunday morning are as follows:

Maximum temperature, 66.

Minimum temperature, 38.

Precipitation, .15 inches.

## Judith Coplon Goes On Trial

**JUDITH COPLO**

**WASHINGTON, April 25.**—(INS)—Judith Coplon, the tiny dark-eyed government girl accused of stealing vital United States secrets for a Russian agent, goes on trial today in U. S. district court.

Facing the庭, 27-year-old former employee of the Justice Department is a possible maximum sentence of 26 years in prison and a \$24,000 fine.

The grand jury that indicted her has declared that she stole FBI

## Lewis And Miners Meet To Prepare Contract Demands

By PHILLIPS J. PECK  
(I.N.S. Staff Correspondent)

**WASHINGTON, April 25.**—John L. Lewis meets with the United Mine Workers policy committee today to fix the union's price for peace in the coal fields in the year ahead.

Lewis and the 200-man governing body of the UMW will draft demands which will be presented to the mine owners next month in negotiating sessions for a new 1949 bituminous wage contract.

The existing agreement expires,

June 30.

## Expect Battle

Union, industry and government officials expect this year's coal wage bargaining to be the hardest fought in the past decade—a period when the industry enjoyed expanding markets and rising prices.

This is no longer the case. Coal exports are down, the domestic demand has slumped, prices are off, and unemployment is a factor in many mining areas.

## Detention Home Plan Prepared

Commissioners To Show  
Plan To Court—Pre-  
pare To Build Af-  
ter Approval

### OTHER EVENTS IN COURT HOUSE

Definite action upon a new juvenile and detention home seems possible within the next year.

The county commissioners have a rough draft of the floor plans for a two-story building to replace the present home. While the plans are not detailed, they are complete enough to show what is intended.

This plan will be shown to the judges. When and if the plan is approved, the commissioners expect to have detailed plans drawn and prepare to advertise for bids. This will take some months it is thought.

The floor plans as now drawn show a kitchen, a storage room, a living room, a small office and two dining rooms upon the first floor. One dining room would be for the youngsters detained in the home and the other for the Juvenile and Parole Officer.

On the second floor would be a girls' bed room, a boys' bed room, 2 isolation rooms, bedroom space for the juvenile and parole officer, a girls' bathroom, a boys' bathroom and a bathroom for the juvenile and parole officer.

The present home is old, inadequate and is a firetrap. Grand juries for years have been recommending a new home.

### LET CLEANING CONTRACT

A contract for the cleaning of the walls in the offices and corridors of the court house, has been let to the New Castle Cleaning Company for \$475.

### DIVORCE COURT

Eleven divorce cases were heard by Judge W. Walter Braham on Friday. Judge John G. Lamoree has been trying cases in Allegheny County all week and did not sit in divorce court here this time.

### REGISTRATION LOW

A young man's fancy may turn to thoughts of love in the spring, but it certainly doesn't seem to turn any thoughts to registration. Not much anyway.

The weekly registration in the

office of Permanent Registration is averaging about 25. There are said to be thousands of voters in the county unregistered. A voter can register now without any delay. Later it may be different.

## Fullerton Candidate For District Attorney

Assistant District Attorney An-  
nounces Candidacy For Re-  
publican Nomination

ERROL FULLERTON

Attorney Errol Fullerton, pres-  
ent assistant district attorney, to-  
day announces his candidacy for  
the Republican nomination for  
district attorney of Lawrence  
county. His candidacy is subject to  
the Republican primaries to be  
held on Tuesday, September 13.

Mr. Fullerton, the son of W.  
Sharp and Osie Patterson Fullerton,  
was born in 1904 in North  
Beaver township, this county,  
where the family has resided since  
pioneer days. He was graduated from  
Mt. Jackson High school in 1921. He attended Westminster  
college, graduating in 1930, with  
A.B. degree, and the School of  
Law, University of Pittsburgh,  
graduating in 1934, with LL.B.  
degree. He was admitted to practice  
in the several courts of  
Lawrence county in 1934 and sub-  
sequently to the Supreme and Su-  
perior Courts of this Commonwealth  
and the United States District  
Court.

Since admission to the Bar, Mr.  
Fullerton has maintained his law  
office in the Lawrence Savings  
and Trust building, and is associ-  
ated in his law practice with Mont L. Ailey, Esq., a former dis-  
trict attorney. Since his appointment  
as assistant district attorney by  
Leroy K. Donaldson, the dis-  
trict attorney, with the approval of  
President Judge Braham and  
Judge John G. Lamoree, Mr.  
Fullerton has assisted in the con-  
duct of many important investi-  
gations and trials, involving mur-  
der, rackets, frauds and numerous  
other types of crimes, felonies as  
well as misdemeanors. His work  
of the past several years as assis-  
tant has served as a valuable ap-  
prenticeship for district attorney.

In his statement to the voters of  
the county, Mr. Fullerton said:

"If the people see fit to promote  
me from assistant to district at-  
torney, I will carry on the office  
with the same efficiency and cour-  
tesy to which the people now have  
become accustomed. My aim shall  
be to administer the law impartially,  
with prompt, honest and exact  
justice for all, in accordance with  
the constitution and laws of this  
great Commonwealth."

"Trusting that you may find  
my qualifications and experience  
worthy of favorable consideration  
in your selection of the next dis-  
trict attorney, I respectfully submit  
my candidacy therefor and  
invite your influence and support."

### DAUGHERTY EMERY EVENING WEDDING

An altar, embanked with ferns, palms, white spring flowers and lighted candelabras formed the setting for a lovely wedding in the Mahoningtown Presbyterian church, Saturday evening, April 23, when Miss Doris Ilene Daugherty, daughter of Mr. and Mrs. Wade F. Daugherty, of 422 Park avenue, became the bride of James R. Emery, son of Mr. and Mrs. Walter R. Emery, of R. D. 2, New Castle. The young couple exchanged vows at 7:30, in the presence of a large gathering of friends and relatives. Rev. Howard A. Redmond and Rev. J. Calvin Rose officiated at the double ring ceremony.

The bride, given in marriage by her father, was lovely in a gown of white satin, fashioned with a Victorian basque bodice, an extensively bare neckline filmed in with rayon marquisette and long pointed sleeves. The skirt was full and fell out over a hoop. She wore a fingertip veil which fell from a wreath of orange blossoms in her hair and she carried a white orchid with a shower of white streamers on a white Bible. Her only jewelry was a strand of pearls gift of the groom.

As matron of honor, Mrs. William J. Williams was attired in a yellow taffeta gown, patterned along the same lines as the bride. She wore a wreath of spring flowers in her hair and carried a cascade of roses and snapdragons which matched her gown.

Mrs. Don McNicholas and Mrs. Jerry Bonner as bridesmaids wore gowns of lavender taffeta, made identical to the matron of honor. The gowns of all three attendants were made with a hoop skirt. The bridesmaids wore wreaths of flowers in their hair and carried cascades of roses and snapdragons to match their gowns.

Walter H. Emery, served his brother as best man and the ushers were William J. Williams and Don McNicholas.

Miss Lena Mae McConnell, as soloist, sang "Because," "Always" and "The Lord's Prayer," accompanied by Mrs. Robert McClurg, who played a recital of appropriate nuptial selections preceding the ceremony.

Immediately following the ceremony there was a reception held in the church parlors for 250 guests. Miss Gwen Allen, Mrs. Frank Telesz, Mrs. Walter H. Emery and Mrs. Jack Donley served as reception aides. The tables were beautifully appointed in ivy and pink rose buds.

The newlyweds then left on a wedding trip by auto to an undisclosed destination and upon their return will reside in their newly furnished apartment at R. D. 2.

Mrs. Emery is a graduate of New Castle High school and of the Stenotype Institute of Pittsburgh. She is now employed in the office of the Shenango Pottery.

Mr. Emery is a graduate of Union High school and is employed in the metallurgical department of the Youngstown Sheet and Tube.

**Honored On Birthday**  
Mrs. Vernon Orner, wife of the pastor of the Castlewood Christian Alliance church was honored on Friday evening when members of her class of the church, with their husbands as guests, tendered a birthday party in the grange hall at Wurtzburg.

The group sat down at 6:30 to a fine dinner. At the conclusion of the dinner, Mrs. Orner was presented with an orchid corsage to which streamers were attached with paper currency tied to the streamers. Mrs. Orner responded fittingly following which a short program was presented.

Special guests included: Mr. and Mrs. Arnold Blews, Alfred Fullerton and Bud Bennett.

**Earnest Workers Class**  
Earnest Workers held their regular meeting Friday evening in the home of Mrs. Mae Fletcher, Lathrop street.

Business meeting was in charge of Mrs. Lola Salmon, as was also the study period. Contests followed, with prizes going to Mrs. Lauretta Taylor and Mrs. Enid McMillin. The hostess served a delicious lunch, assisted by Mrs. Eleanor Hudak and Mrs. Freda Morgan. Special guests were Mrs. Hudak and Mrs. Morgan.

The next meeting will be at the home of Mrs. Thomas Williams street, and will feature a white elephant sale.

## Three New Postal Carrier Routes To Be Added In City

New Routes Will Guarantee Two Deliveries Daily For All Patrons

Three new postal carrier routes will be added in the city on May 1. Postmaster William R. Hanna announced today.

These routes are now on a temporary basis and will be made permanent the first of the month. This will guarantee all local patrons two deliveries per day, the postmaster stated.

The additional routes will bring to 40 the city carrier routes and will be made up from routes which have become too heavy for the present carriers.

## Two Are Hurt In Auto Accident

Ralph J. Verna, 20, R. D. 6, and Joan Hoover, 18, East Washington street, received treatment Sunday in the Jameson Memorial hospital for injuries sustained when the car driven by Verna skidded on the wet road at the curve at the intersection of the Mt. Jackson-Bessemer and Mt. Jackson-Hillsdale roads at 1:15 a.m. Sunday. The car upset.

Verna sustained a fracture of his right ankle. Miss Hoover received contusions on the right side of her chest.

They were removed to the hospital in an ambulance from Bessemer.

## CONGRESS GETS TRUMAN HEALTH MEASURE TODAY

(Continued from Page One) four of the group's seven members support the compulsory insurance program.

The legislation faces a fight in the 13-man full committee, however, for seven members are sponsors of either the Hill or Taft bills, which omits the compulsory insurance.

Taft is supporting grants to state projects and "voluntary" health insurance payments if the states elect to help finance them. But he contends that the administration bill will cost a minimum of six billion dollars a year.

a new crossing of the Yangtze river at Liuho, 22 miles north of the endangered city.

### Challenge Reports Of Capture

Railway officials also challenged reports that the Communists have captured Kashin, 50 miles southwest of Shanghai astride the city's rail link with Hangchow.

The officials said that trains evacuating Nationalist troops ran throughout the night over the line which is Shanghai's only remaining rail link with Nationalist China.

The executive Yuan, or parliament, ordered all of its officials to leave Shanghai and flee to Canton within 48 hours.

An evacuation air-lift was established to ferry the officials from the city.

Premier Ho Ying Chin's standing order calling for the defense of Shanghai to the last and repeated promises of military officials to make a stand at the gates of the city failed to halt the exodus.

### Capture Claimed

The Communists claimed the capture of long-encircled Taiyuan—"China's Pittsburgh"—far to the north of the Yangtze.

The Communist radio said 12 Nationalist divisions or 150,000 men were wiped out in the final two-day assault on the long-by-passed steel and iron center.

The Red tide which smashed Nationalist defenses along the Yangtze and brought Communist troops into the Nationalist capital at Nanking Sunday, reached a momentary high-water mark at Kiating.

Kiating, 24 miles northwest of Shanghai, was captured by Communist forces which drove down the banks of the Yangtze river 26 miles from Changhsu.

Communist guerrilla patrols, however, have probed to within 10 miles of Shanghai.

The pro-government newspaper, Shang Po, reported that the Communists entered Kunshan, 35 miles west of Shanghai, which had been evacuated by Nationalist troops.

Nothing untoward happened. The sun showed his face at the usual time, the day seemed a little longer perhaps, but unless one saw the clock hands turned forward he could notice little or no difference in the time.

### BRITISH 1949 WHEAT HARVEST BELOW AIM

BURY ST. EDMUNDS, Eng.—(INS)—Britain's 1949 wheat harvest will be at least 250,000 acres below the government's 2,340,000 acre target according to farming experts.

Farmers are now 442,000 acres behind schedule.

Latest returns show that in the next three months farmers in England and Wales will have to sow 740,000 acres with spring wheat to reach the target.

Farmers here in East Anglia—the nation's "bread-basket"—point out that this would require a 300 per cent increase on normal spring plowing. They contend that it is extremely unlikely that more than 500,000 acres will be sown.

# Labor Protests Route 422 Delay

Building Trades Council  
Files Protest With  
Governor Duff

Protesting against the postponement of the building of Highway 422 between New Castle and the Butler County line, the New Castle Building Trades Council has forwarded the following letter to Governor James H. Duff.

The citizens of New Castle have been informed that the building of Highway 422 between New Castle and the Butler County line has again been set back to some future date.

This section of highway is an important link in a transcontinental highway which connects the east and west. For a number of years it has been deteriorating and in the past five years it has been too narrow and too hilly to serve the heavy traffic safely.

To postpone relocating and rebuilding this highway is to add to the death toll which increases each year. The hill east of Rose Point, commonly known as Suicide Hill has taken the lives of many citizens and caused large property damage, due to the inadequacy of the highway.

The Building Trades Council of New Castle is all too well aware of the dangers of this highway. It has relied for several years upon the promise of the State Highway department that the road would be built. The plans have been drawn, the County of Lawrence has appropriated its share of money for damages and we believe the state has adequate funds to provide for the rebuilding.

Therefore, The New Castle Building Trades Council of New Castle, Lawrence County earnestly petitions His Excellency, James H. Duff, Governor of the Commonwealth of Pennsylvania to expedite the building of this highway to the extent that it be included in the 1949 program, the time when the road was definitely promised.

Most respectfully yours,

Building Trades Council of New Castle, Pennsylvania and Lawrence County, Pennsylvania.

Elmer Yoho, vice president; Robert G. Shaffer, secretary.

## Navy Secretary Says U.S. Bent On Peace

Secretary Makes Speech To Annual Convention Of Reserve Officers Association

CORPUS CHRISTI, Tex., April 25.—(INS)—Navy Secretary Sullivan asserted Saturday that the United States is resolved "to make every effort while time remains to weld the strongest possible chains to keep in leash the dogs of war."

Sullivan, in a speech before the annual state convention of the Reserve Officers association, said that is one of the "major reasons for our association with the United Nation, and the European recovery program."

The navy secretary declared that while the armed forces are building their might "to attain one ob-

jective—world stability and peace" this country is also "forever hopeful" of a settlement of the cold war. He said:

"We feel the peoples of Communist-dominated states, like our own people, are peacefully bent and that if they could know the truth, the world today would not be beset by the dangerous events which blindness and misunderstanding have charted."

"But while we hope, while we trust, while we try every device we can conjure to quiet the lust of conquest and the corroding spirit of envy wherever it exists, we shall not be so foolish or naive as to play Little Red Riding Hood again."

Sullivan declared that "our experience with appeasement led us into two great wars, and has taught us a lesson we shall never forget."

**Vet's House Painted In Record Time**

Ninety-Six New Jersey Painters Help Paralyzed Vet Paint His Dream House

NEW BRUNSWICK, N. J., April 25.—(INS)—Ninety-six New Jersey painters, donating their services to help a paralyzed war veteran, painted his "dream house" in New Brunswick Saturday in the record time of two minutes and 32 seconds.

The painting project was carried out by members of the AFL painters and Decorators union, New Brunswick Local 834.

It climaxed a year's activity by the community to build and decorate the five-room house free of charge for Robert Hoelzel, 21, who lost the use of his legs at Okinawa.

Eleven gallons of white paint were slapped on the house and attached garage in the record paint-job, while 5,000 cheering neighbors spurred on the workers.

The new record smashed a mark claimed by a similar group in Syracuse, N. Y., who had painted a veteran's house in three minutes and some seconds.

A few years ago, in Columbus, O., a veteran's house was painted in 17 minutes and four seconds by volunteer painters.

Hoelzel plans to be married to Frances E. Noll on June 12, and they will move into the "dream house" which is equipped throughout with ramps to facilitate his movements.

The house was constructed by the building trades with materials furnished free by Central New Jersey merchants. Labor union members donated their services for the construction on weekends since last August.

## Federal Witness's Mother Receives Telephone Threats

Mysterious Caller Asks Such Questions As 'Is Your Insurance Paid Up?'

CUMBERLAND, Md., April 25—(INS)—Mrs. Loretta Nicodemus, 50, mother of a witness in the New York Communist trial, was disclosed to have received a series of threatening telephone calls.

Police Chief William V. Keegan of Cumberland, said Mrs. Keegan has reported at least five such calls over an extended period in which the mysterious caller asked such questions as:

"Is your insurance paid up?" or "Have you ever been in the hospital?"

Mrs. Nicodemus is the mother of Charles W. Nicodemus, a witness

at the New York conspiracy trial of 11 top U. S. Communists.

Keegan said Mrs. Nicodemus was unable to say whether the class were local or long distance. He said he reported the latest in the series of incidents to his office last Thursday.

At Slippery Rock

Conference for Elementary Teachers will be held at Slippery Rock State Teachers College, Saturday, May 7, on daylight time.

The program is designed to contribute to the professional growth of in-service teachers. Emphasis will be placed on manuscript writing and other problems.

Teachers in first, second and third class school districts should send their luncheon reservations to their district superintendents or supervising principal's office. Teachers in fourth class districts may send reservations directly to the Laboratory School, Slippery Rock. All reservations must be in by Friday, April 29.

After three weeks of intensive campaigning for funds, the Lawrence County Unit of the American Cancer Society reported Friday a collection of \$11,892.61.

Mrs. Blake Waldo, co-chairman for campaign, advised that this amount exceeds the quota of \$11,700 assigned to the local unit by the state organization.

However, she added that the pre-

## LONELY HEARTS

A Delaware woman has been arrested, charged with plotting the murder of two men she married after they answered an advertisement she inserted in a "lonely hearts" publication. Both were old, with considerable means.

This is not a unique development. Records show that lonely men and women often fail to find the love and companionship they seek. Many times murder effectively ends their loneliness. Lonely persons are ideal victims, and murder for profit is a classic type of crime.

Criminal records in this country and abroad are full of cases similar to the Delaware crime. As many as 10 to 20 murders have been perpetrated by men who lured women of means into marriage, only to be summarily murdered. An Indiana woman accused of killing at least 10 husbands has never been apprehended. It is impossible to estimate how many similar murders have never come to light.

Those who think they are lonely, especially if they have means, should be careful in entering into new friendships. Marriage to strangers is a hazardous undertaking. It is better to be lonely than dead, for death is so permanent.

## WHEELS GO ROUND—FLAT

Not having read tomorrow's edition of Pravda, we cannot say whether the revelation we are about to make has already been noted in Russia. Anyway, with a certain hesitant pride, we'd like to bring into the limelight a new invention, the elliptical wheel. It is by no means a gag.

The device was shown last week to Army engineers during a demonstration at North Tonawanda, N. Y., by its young inventor. The Army verdict: It looks as though he might have something.

Intended for use in mud, snow or wherever there is soft going, these strange looking wheels will give better traction than the "old" round wheels, yet they do away with some of the disadvantages of the endless tracks used by tanks, bulldozers and the like.

As the demonstration showed, while one wheel has its flat side on the ground, its mate is standing on end. The inventor has solved the bobbing and weaving motion by connecting the hubs with a rocker arm, which reacts to the off-center motion of the wheels like a seesaw. The center point of the seesaw rides smoothly, and is attached to the axle.

It has caused something of a stir, to say the least. The U. S. Patent Office has no record of anything like it, nor have the files of science magazines. Those of us who were sure that the mark of an enlightened civilization was the round wheel have suddenly lost the good old rejoinder: Yah, you gotta flat wheel!

## SALUTE TO GALLANT WOMEN

Almost a century ago a small group of women met in New York City. They were worried. The Industrial Revolution had set in, with a vengeance. Women were deprived of many of their old household tasks. Thousands sought work in dilapidated factories, found themselves homeless in large cities, their health endangered.

The thoughtful ladies who noted these trends formed a little prayer circle. Asking for Divine guidance in their task, they sought to improve the welfare of this new phenomenon, employed women. Obtaining boarding homes for them was a first concrete step.

And so began the far-flung services of the Young Women's Christian Associations in the United States today. Instead of a tiny prayer circle there are 440 community YWCA's, 609 Associations on college and university campuses and units of work in 1550 village and rural areas. And there are YWCA's in 68 other lands today, all united under the sign of the Blue Triangle, all dedicated to "the glory of God and the service of young women."

But the YWCA today does more than obtain a room in a boarding home, although it does that, too, if necessary. Today's YWCA is streamlined and modern. It offers the latest in health education and sports techniques. It is abreast of modern psychology, keeping in step with the adult education movement in its classes in languages and homemaking and dozens of cultural and vocational subjects. It is a haven of fun for teen-agers and today's smart young working women; for housewives (who may bring their children with them), and for college students, too.

And the YWCA is out in front in its public affairs program to keep people informed of current trends in the nation and the world. Because of its world-wide connections it is a force for international peace.

The gallant women of yesterday who began this work are matched in vision and wisdom by the YWCA leaders of today, who are training the new young leaders of tomorrow. We salute them all.

A Senator says spending will bring higher taxes. Now where on earth did he get that idea?

A survey discloses 68 per cent of American families own one or more motor cars. Pedestrians have no rights because they are in the minority.

Gardeners have become more realistic, and not many survive who still think the vegetables ought to match the pictures in the seed catalogues.

## In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

The sombre fact that national dignity sometimes must bow to harsh economic necessity in the pinched postwar world was brought home sharply in the wake of Chinese Communist attacks upon the British Navy in the Yangtze river.

Britain's difficulty at present lies in the fact that there really is very little she can do except to quit China entirely, shun the Communists like a plague, and take the heavy economic losses that this would mean.

As expected, Great Britain lodged no formal protest.

This would have implied recognition of the Communist "regime" whose forces are overrunning the country so swift—an obviously impossible step at the present time.

But it had been expected that the British would take some sort of decisive action, such as summoning a special cabinet session to emphasize the gravity of the unprovoked attack upon British warships.

**Has Not Been Done**

This has not been done. In the course of a routine recruiting speech at Cardiff, Wales, Lord Hall, Britain's first lord of the admiralty, denounced the attacks as "inhuman" and said they had been carried out for some reason that is obscure to everyone.

But the storm of public and official indignation that was anticipated failed to develop, and even the British home naval bases, where the families of affected personnel are billeted apparently accepted the affair as one of the hazards of these times.

Briefly, the situation indicates that Britain is determined to maintain her trade and economic position in China even if this must mean loss of face for the navy.

**Has Big Business**

The fact of the matter is that Britain has an annual business in China running to some half a billion dollars a year and can ill afford to lose it.

There have been indications in Shanghai dispatches that British firms headquartered along the bund in the great metropolis on the Whangpoo river are hoping confidently to "sweat out" the situation, even though the Communists gain control of all China.

The establishments there are of enormous importance to British investments throughout the whole of the Far East.

Singapore, all of troubled Malaya and revolted Burma comprise important links in a British economic chain stretching from Shanghai down through Hong Kong and Canton, and its profitable operations depend in large manner upon proper functioning in Shang-

hai.

**Show Of Might**  
For this reason, the British

are not likely to "sweat out" the situation, even though the Communists gain control of all China.

**Looking At Life**  
By ERICH BRANDEIS

You have heard of Aleb Ylobaz, of course.

You haven't?

Aleb Ylobaz, the famous Hungarian impressionist painter?

Well then, let me bring you up to date on him.

Frankly, until a few evenings ago I hadn't heard of him either.

And not having heard about him caused me no end of embarrassment.

We were invited to dinner at the home of a well-known artist.

Not a classic nor what is called a "fine arts" artist, but a fellow who makes a gosh-darn good living with his "Popeye" comic strip.

There were several other well-known artists present, so naturally the conversation was mostly about art.

We talked about Rembrandt and Dali and Grant Wood and Fred Baumgartner and Steve Dohanos and others whose names are household words wherever artists' names are household words.

Then our host pointed to a very colorful and very modernistic painting, beautifully framed hanging in the most prominent place of his living room.

"That is my Aleb Ylobaz," he said, "and believe me I am proud to own it."

So then everybody started to talk about Aleb Ylobaz and the wonderful work he is doing.

Ylobaz is a Hungarian, we were told, a Hungarian who was born in this country, but whose whole character and conception of art that has Magyar fire and vivacity such as only the climate and atmosphere of Tokay can produce.

Most of those present knew all about Aleb Ylobaz, of course.

I did not, however, and I admitted it.

You and I would like to think that public education would encourage thrift. Do you know of any

war. Rome, the center of Christian civilization is suffering a turmoil engineered by these emissaries of Satan which tends to throw Christian civilization back a thousand years. France, is suffering confusion; and England is undergoing a social revolution. In our country," the speaker said emphatically, "class has been placed against class; creed against creed and color against color. Our own Supreme Court has ruled that God has no place in our education system. One of the great states suggested that mercy killings be permitted by law, and some states permit sterilization. The constant conflict between capital and labor rages unabated, both sides refusing to accept the principle that only through mutual justice can peace exist. Juvenile delinquency is the rule rather than the exception. And the family—the basic unit of society, is daily deteriorating."

"Why So Dark?"

"Why is this picture so dark," Commander Wagener asked. "Why is the future so insecure? The answer is simply, we have lost the sense of sin. We excuse our wrongdoings, such as alcoholism, lust, theft, etc., as sickness, rather than sins of the soul."

In conclusion the speaker said, "The Catholic War Veterans have bound themselves for three reasons, from which they derive their slogan, 'For God, For Country, For Home.'

"Use Christianity as your weapon," he urged. "Have faith in God; for God alone can create perfection. To practice Christianity requires hard, selfless work, but this we must do if we are to keep the freedom we fought so hard for as veterans. Let us beat Communism with the weapon of Christianity—veterans unite, and with God we can carry on the fight for a better world."

First Event

This first event of its kind opened with the National Anthem. Rev. Fr. Albert M. Inteso gave the invocation, after which the large crowd enjoyed a full course chicken dinner, prepared by Mrs. Clotilda Ross and her aides. Programs were distributed to everyone attending and small flags marked the places. Fresh flowers centered the speakers table.

**Taggart Is Toastmaster**

Commander Edward DeCarbo of local Post 741, C.W.V. greeted the assembly, and introduced Eugene F. Taggart, national executive officer of the C.W.V., who capably enacted the role as toastmaster.

Major John F. Haven, of the city, greeted the guests and members and expressed his congratulations to the organization, which although comparatively a young one, has progressed to great heights.

**State Officers Speaks**

James P. Kelly, Jr., Pennsylvania state adjutant of the C.W.V. as the next speaker, asked that the members support the local Commander, officers and post, to keep up the good work which enabled Post 741 to be not only the largest post in the department, but also of Pennsylvania. You are second to none," he stated. "Lead the C.W.V. to new and greater achievements and to new victories over wrong. The success of our organization is to have unity and speak in one voice, and in this manner we can take action against the various subversive activities that are today hammering at the very bulwark of the Christian World." Adjutant Kelly concluded: "We have continued to be strong in the future, been strong in the past; we must. This is the challenge of the Catholic War Veterans, and the challenge that we have accepted."

**Presentation Made**

Highlight of the evening was presentation of the first past commanders medal awarded to Orlando L. Calazza, first commander of the local Post, for his achievement and effort.

Commander Edward DeCarbo made the presentation of the medal and fountain pen. Past Commander Calazza responded, pledging his untiring effort in the future for the good of the C.W.V.

The chaplain of Post 741, Rev. Fr. Albert M. Inteso, spoke briefly and commended the "boys" for their work and ultimate aim for an ideal. "The purpose of the C.W.V. is good; we are needed in community and country," he said, "and we shall continue to look to further fields."

**Many Guests Attend**

In addition to the guests who were speakers, toastmaster Eugene F. Taggart introduced the following guests: Commander and Mrs. J. Hogenmuller of Allegheny county; Commander and Mrs. Stefkano; State Auxiliary Historian, Mrs. A. Kelgale; William Howley, Sr., grand knight of K. of C.; Mrs. Virginia Pagano, president of Allegheny Auxiliary; Angeline Venditto, president of New Castle Auxiliary; Commander and Mrs. P. J. Whalen, of 21st District; Past Commander Ralph Cingolani, of Sharon.

Commander and Mrs. E. L. Coyne of V.F.W.; Commander and Mrs. H. Jordan, of Neshannock Post, V.F.W.; Commander E. Gene Schweinsberg, of American Legion; Commander and Mrs. M. Becker, of Jewish War Veterans; Commander W. Cody; and Adjutant Lester J. Kuiken, American Legion Post, Wampum; Commander and Mrs. A. Morabito, C.W.V. of Ellwood City; the U. S. Army and Air Force Recruiting officer and various members of the Catholic clergy of New Castle.

Toastmaster Taggart in closing urged the people to "spread the faith. We have had 2,000 years of truth to guide us," he said, "and now it is our turn to spread the faith." Rev. Fr. Inteso closed the program with benediction.

During the course of the meal, the Sinfonia String trio provided the dinner music. Lovely, Peggy Ezio, promising young vocalist sang, "When Day Is Done," "Italian Street Song" and "Serenade." Immediately afterwards, dancing was enjoyed in the ballroom, Al Colella and his musicians rendering the music.

### Finders Keepers Ruling Of Judge

CHICAGO, April 25.—(INS)—A judge invoked the statute of "finders keepers, losers weepers" Saturday and freed a Chicago junkman and his three friends who found \$15,000 and spent \$5,480 of it before the police stepped into the act.

Judge John R. McSweeney ruled that it's no crime to find money. He assessed suspended fines of \$1 and costs against Al Walker, 57,

year-old junkman, and his three friends.

Walker found the money in a pouch in front of a currency exchange, and immediately staked himself and his friends to "Chicago's hangover of the year."

Somewhere along the line, Walker purchased two horses and passed out money to his friends by the handful.

Police recovered \$9,520 from Walker when a neighborhood policeman checked the sudden display of affluence.

### Patrol Of Troop 37 Takes High Honors In First Aid Meet

Twenty-Seven Patrols Receive Streamer-Citations For Participating in Meet

Eagle patrol of Troop 37, sponsored by the New Castle Kiwanis Club, won first prize at the annual first aid meet of the Kuskuski District, Boy Scouts of America, at the George Washington Jr. High school Friday night. Members of the winning patrol are Jed Klingensmith, patrol leader, Ronny Bailey, Bill Parker and Dick Travers.

There were twenty-six patrols participating in the event, a record number for the district. More than 300 scouts and friends enjoyed the competition and the color movie of the "World Jamboree."

John Panella, member of the district committee, presented Troop 22 with a bugle for suggesting the name "Kuskuski" as the new name for the New Castle District.

As a token of appreciation from the district committee, Harry Culifford was presented with a fountain pen and pencil set for his untiring efforts as chief judge for the annual first aid meets. The presentation was made by A. L. Wilson, district commissioner.

**Present Streamers**

Streamers were presented to the patrols by Dale Clobus, chairman of the district camping and activities committee, and Andrew Dodds, retiring chairman of the camping and activities committee.

Patrols that received the blue streamers are: Eagle of Troop 3, Apache of Troop 3, Panther of Troop 9, Flying Eagle of Troop 22, Eagle of Troop 37, and Flying Eagle of Troop 51.

Red streamers were presented to Wolf and Indian patrols of Troop 1, Rattlesnake of Troop 3, Panther of Troop 3, Flying Eagle of Troop 12, Cobra of Troop 22, Fox of Troop 33, Beaver of Troop 43, and Wolf of Troop 44.

Yellow streamers were presented to Flaming Arrow of Troop 1, Hawk of Troop 12, Cobra, Hawk and Lion of Troop 14, Pioneer and Lion of Troop 28, Bat of Troop 37, Rattlesnake and Wolf of Troop 43, and Flying Eagle of Troop 44.

Foremen's Club Has Ladies' Night

Annual Springtime Party Held In The New Castle Country Club

Saturday night was Ladies' night for the United Engineering and Foundry company's Foremen's club. The party was held in the New Castle Country club.

Instead of the usual stag meeting with a business program and a talk of some kind following, the club forgot business for the evening in marking the annual spring event.

Dinner was served buffet style, following which President Sidney J. Turner welcomed the guests. A lot of prizes were given the more fortunate guests and Program Chairman Frank Strizzi were kept busy getting the awards to the winners.

A floor show followed the prize period with a number of good acts presented. Dancing concluded the evening's program.

Special guests included men and women of the company from Pittsburgh and Youngstown.

#### WARTS

Butch has warts on his hands. Granddad tells him that he must have been handling toads. He tells him to wash his hands in stump water.

Perhaps it would be a good idea for Butch to wash his hands often in any kind of water and his ears too.

Nowadays doctors figure that warts are catching. Boys seem to get them oftener than other people.

If the doctors know the reason, they keep it secret. They know how to take the warts off though and that helps some.

Most northerly town on the North American continent is believed to be Barrow, Alaska.

cent. Transportation from fifteen to five per cent.

#### Discourage Business

There can be no question but that high rates imposed on many so-called "luxury" items, such as furs and jewelry, have discouraged business. Neither can there be any question as to the justice of cutting rates on telephone and telegraph bills, or on transportation; these are direct penalties on business. Just why light bulbs ever should have been put on the "luxury" list is a matter never explained.

The contention of those who oppose lower excise rates naturally will be that the results would be a substantial loss of revenues to the treasury. Experience does not support this argument. On the contrary, reduction in taxes is more likely to result in an increased volume of sales sufficient not only to offset the lower rates, but actually to increase the revenues.

One advocate of the lower rates insists that they would result in the employment of a large share of our three million idle workers, whose jobs have been lost through tax rates which price many items of commerce out of the market. If, as many business experts believe, these excessive levies have been a deterrent to business, common sense suggests that their reduction should prove a useful stimulant.

School children have been having more to say about the government of the student body. On the whole, this has been good gain in democracy. As a part of this movement, high school youths themselves decide almost solely on such commencement matters as: the kind of invitations, classpin, yearbook, dress or gowns, flowers, corsages, commencement ball.

But students chosen on commencement committee by their own group don't always represent the true judgment of their entire group. Those representatives whose parents have lots of money often predominate and the other representatives loathe to admit that their parents can't afford the same. At least they can't resist the mob appeal of "Dear Old Alma Mater."

Should not the school principal and superintendent of schools advise, or in some cases, set some limits to commencement expenditures to be met by parents? Should the Board of Education ever step in where courageous professional leadership is wanting?

### Indoor Camp Series Draws Large Crowds

Indoor Camp meeting series which is sponsored by the Lawrence County Holiness Association got off to a good start over the week end with a capacity crowd filling the Maitland Memorial Primitive Methodist church on South Mill street Sunday evening.

Evangelist C. E. Zike of Akron, O., the speaker for the eight-day series, brought forceful addresses on Sunday afternoon and evening. The Holso evangelistic party of Ashtabula, O., pleased with old time Gospel singing. Many accepted the Gospel invitation at the close of the Sunday evening meeting.

This evening, Rev. Zike will speak on the subject, "Closing Out of This Age." The visiting musicians will be heard again. The series continues until May 1, with meetings at 2:30 and 7:30 p.m.

## New Farm Program Is Labeled Move To Continue Inflation

President Of AFBF Says AFBF Must Continue To Support Aiken-Hope Bill

NEW YORK, April 25.—(INS)—The head of a major farm organization labeled the administration's new farm program "a political move" which promises to continue inflation.

Allan B. Klein, president of the powerful American Farm Bureau Federation, said AFBF must continue to support the Republican-passed Aiken-Hope bill.

This measure, embodying flexi-

60 to 90 per cent of parity, be-

able price supports ranging from

comes effective in 1950.

Klein told the National Editorial association that farmers will not give up their right to earn good income by their own efforts to meet consumer demand, in return for dependence on congressional ap-

propriations and government di-

rection of farm operations. He

said:

**Political Move**

"Nothing in our analysis so far

changes the first impression that

it (the program as outlined by

Agriculture Secretary Brannan) is

a political move."

"When farmers are promised

high prices and consumers cheap

food on the same commodities at

the same time, there probably is a

catch somewhere. In this case, the

sleight-of-hand is government con-

trol."

Klein said that 1947 and 1948

were the only years in the last 39

when total cash farm income was

as high as the income support

standard proposed by Brannan. He

added:

"This means that the program

promises to continue, by govern-

ment administered prices, inflationary price relationships.

The AFBF leader declared that

the program as outlined contains

a hint of what might eventually

be done to limit a farmer's right

to produce to the best of his abil-

ity.

Klein said the best thing in sight

for agriculture is the farm bill

passed in the last session of Con-

gress. He explained:

"It is designed to protect farm

unnecessary regimentation, con-

trols and interference with the

income from collapse and to avoid

farmers' right to work out their

own programs individually and col-

lectively."

### HARLANSBURG

Dr. Heard, reading and child development specialists of Slippery Rock State Teachers college, spoke to an over flowing house at the Parent Teachers meeting Thursday night. Her talk was highly appreciated. The music for the occasion was given by Judy Fuller, Lois Kamerer, Marlene Beatty and Samuel McCracken on their violins. Hostesses were Mrs. Mabel Kramm, Mrs. Bessie Kerr, Mrs. Helen Dean and Mrs. Edna Shaw.

The newly-elected officers are as follows: Mrs. Martha North, president; vice president, Mrs. Hazel Janie McCracken; secretary, Mrs. Ruth Cox; assistant secretary, Mrs. Henrietta Johnson; and treasurer, Mrs. Mildred Allison. The officers will be installed May 19, the next meeting night by Mrs. Glenn Patterson, the county president. The meeting of May 19 after the installation of officers will have an old fashioned literary program, a barber shop quartette and a pie social.

Twenty guests were present at

the April meeting of the Garden club at the home of Mrs. Dice

Gibson. Mrs. Vera Bruce, leader of the program, read a very interesting and informative article and resume of Arbor Day in the different states. Mrs. Mildred Turner and Mrs. Hannah Morrow gave poems on trees. A contest on naming trees was enjoyed also. The next meeting with Mrs. Mae Vogan will have a plant exchange.

Mrs. Stewart Hunt accompanied Mrs. W. R. Book to Beaver Falls on Tuesday.

Mr. and Mrs. Kenneth McFarland and son spent Easter Sunday with Mr. and Mrs. R. C. McFarland in New Castle.

Miss Kay Johnson and Miss Janie McClelland gave piano solos and Miss Marlene Beatty gave a violin solo accompanied by the piano by her mother at the W. C. T. U. Institute held at the Liberty grange.

The W. C. T. U. on May 12 will meet for a family night at the home of Mrs. Sara Burton on Washington road. Mrs. Gladys McConnell will be the program leader.

Miss Annie Boehm is home and improving from her operation at the Grove City hospital.

Mrs. Leslie McCracken accompanied Mrs. Glenn Patterson of East Brook to Wampum on Thursday afternoon, where they were guests of the Woman's Federated club of Wampum.

Mrs. Blanche Humphrey spent the Easter weekend in Tuck Creek with her daughter and family.

Mr. and Mrs. Everett McConnell were in Leesburg Wednesday attending the funeral of Mr. Rob McGahey and on Sunday afternoon were in Volant at the funeral of Mr. Sylvester McConnell of Franklin.

Mrs. Edna Donley and Eleanor were at Sharon on Friday visiting with Mrs. Carrie Hodge.

Mr. and Mrs. George Kneram and family of Dravosburg and Mr. and Mrs. George King and family of Akron and Mr. Kenneth Kneram of Clairton spent the Easter weekend with Mr. and Mrs. Roy Kneram and family.

Mrs. Hadassah Goodknight and Donald spent the Easter time with friends in Clarksburg, W. Va., and at Harrisville, W. Va., and visited with Mrs. Jennie Goodknight.

Clifford McKissick and Mr. Maxwell have gone to Ashville, Ky. Also Mrs. Frank Brown has gone to Ashville, where her sister, Miss Margaret Peebles is in the hospital.

Mr. and Mrs. E. L. Fuller and Judy were in Meadville visiting with Mr. and Mrs. Stanley Byham and family.

Miss Joyce Taylor of Bradford recently visited with friends here.

Alice Davidson recently returned from a visit with friends in Pittsburgh.

On Easter Mr. and Mrs. L. T. McCracken gave the annual birth-

## Undecided About Forcing Testimony Of Kathleen Babich

Undecided Over Forcing Bride Of Milwaukee Slayer To Testify Against Husband

MILWAUKEE, April 25.—(INS)—District Attorney William McCauley of Milwaukee county today pondered over whether he would force Kathleen Babich to testify against her husband, Milton, admitted slayer of her 16-year-old sister, Patricia Birmingham.

McCauley said that under Wisconsin law the young bride could be forced to testify against her 19-year-old husband, but that he was undecided as to whether he would call her as a prosecution witness.

Chief Defense Council Arthur Richter said he definitely would call 18-year-old Kathleen to testify in her husband's murder trial.

Babich has admitted accidentally slaying Patricia last February 10 after a struggle which ensued when he showed the young girl a gun "to scare her" when she threatened to reveal her sister's pregnancy.

Babich and Kathleen were not married at that time, but were wed just two days before Patricia's weighted body was taken from the Milwaukee river on March 20.

Kathleen has declared repeatedly her faith in her young husband's innocence.

New Drug Revealed In Hay Fever Fight

DETROIT, April 25.—(INS)—Scientists today revealed a drug which may take the "ache" out of hay fever.

A powerful new drug known as chloro-trimeton which relieves hay fever, asthma, hives and other allergies has been discovered and will reportedly soon be made available to the public.

Action of the drug was described to the 33rd annual convention of the Federation of American Societies for Experimental Biology.

The scientists said the drug combats histamine, a substance released in the blood causing allergy reaction. They claim it proved 20 times more potent and four times longer lasting than any drug now in use when tested on animals.

Clifford Hampel, supervisor of the foundation, told the Chicago section of the American Chemical society last night that a cheap but widely-known product known as sodium fluosilicate will do the trick.

Hampel said the chemical will chase the rats scurrying back into their holes and save the industry millions of dollars.

It's now used for mothproofing among other things.

**Fire Losses Climb Again In March**

NEW YORK, April 25.—The nation's fire losses climbed again during March, reaching an estimated total of \$67,218,000, representing a 7.7 per cent increase over February's total of \$62,424,000, it was announced by W. E. Mallalieu, general manager of the National Board of Fire Underwriters.

The March total was 9.5 per cent lower than the fire losses of \$74,236,000 recorded for the same month a year ago. The same trend was noted in January and February, with declines of 8.1 per cent and 12.7 per cent respectively below the totals for the same months of 1948.

Fire losses for the year to date now total \$187,568,000, an average

rate of destruction of \$2,084,088 a day since January 1.

For the twelve months period ending March 31, the total estimated fire loss is \$689,915,000. This is a decrease of 2.5 per cent from losses of \$707,540,000 for the 12 months ending March 31, 1948.

These estimated fire and lightning losses under fire insurance policies include an allowance for unreported and uninsured losses.

**Shipping Cartons To Get Rat Treatment**

CHICAGO, April 25.—(INS)—There is bitter news for rats today. The Armour Research foundation has come up with a means to cut down their diet—especially those which like to munch on paperboard shipping cartons.

Clifford Hampel, supervisor of the foundation, told the Chicago section of the American Chemical society last night that a cheap but widely-known product known as sodium fluosilicate will do the trick.

Hampel said the chemical will chase the rats scurrying back into their holes and save the industry millions of dollars.

**Endurance Fliers Will Land Tuesday**

FULLERTON, Cal., April 25.—(INS)—Endurance flight record holders Bill Barris and Dick Riedel entered their last day in the air today.

The weary pilots plan to land at 11:44 a.m. California time tomorrow after having completed an even six weeks—1008 hours—in flight.

A Chamber of Commerce celebration is planned when they bring their light Aroneca plane to the ground.

The fliers dined over the desert at Indio last night and early today after making an appearance yesterday at the annual American Gold Cup Light Plane races in San Diego.

New railway passenger cars have an average length of between 75 and 85 feet.

**Iron And Steel 1948 Exports Drop**

NEW YORK, April 25.—(INS)—The American Iron and Steel Institute in New York today announced a drop of 35 per cent in the export of iron and steel products for 1948.

The institute's figures, based on preliminary reports from the department of commerce, revealed a decrease of 2,196,000 tons as exports fell to the lowest percentage of total shipments in the last ten years.

Part of this decrease was attributed to attainment of production goals by all but one European country. Blast furnace output in Europe, according to a United Nations statement, was 37 per cent greater and crude steel production 29 per cent greater than in 1947.

Don't "Pass the Buck"

In a recent cartoon, a very indignant young lady of some eight or nine years of age is chiding her parents. She says, "Ask your father;"—Ask your mother." Can't either of you stand on your own two feet?"

Far too often it is true that one parent or the other "passes the buck"—shifts responsibility for decisions to the other. It may be that it is hard to say "no" to the youngster. It may be that the parent doesn't feel sure what the decision should be. Or it may be that one is just too busy to be bothered.

Children deserve the kind of security that comes from having parents who take responsibility. Naturally, there are many times when Mother and Father will want to decide together what seems best. Youngsters don't mind that. But they do resent, as the cartoonist's little girl did, the shifting of responsibility.

If this sort of thing has been happening in your home, it would be well for the two of you to get together, decide on the way certain things should be done in certain ways, work out differences of opinion, come to mutual understandings and thus not have to slip back into an evasive, "Ask your mother" or "Ask your father."

**Institute On Judaism Planned**

Local Clergy To Participate At Institute At Temple Israel Monday, May 9

Local clergy of all denominations have favorably responded to an invitation of Temple Israel to participate in an Institute on Judaism, which will be held on Monday, May 9, at Temple Israel.

The Institute will begin with a morning session at 10 o'clock. Dr. Jacob R. Marcus, one of America's most noted authorities on Judaism and Professory of History at Hebrew Union College of Cincinnati, O., will lead the Institute.

Dr. Marcus' lecture is entitled, "The Story of the Educator of the Young."

Part one, to be given in the morning, will be the social, cultural and spiritual background. Part two, which will be given in the afternoon is "the political background."

**Noon Luncheon**

The morning session will be followed by a 12:30 o'clock luncheon served by the Temple Israel Sisterhood.

A question and answer period will follow each session. The day's program will be open only to members of the clergy. In the interest of religious fellowship and mutual understanding among all spiritual leaders of the community, more than 250 Institutes on Judaism have been conducted throughout the United States and Canada.

Distinguished scholars present the history, beliefs and teachings of Judaism on an academic plan, followed by group discussion.

The Institution program is sponsored nationally with the cooperation of Union of American Hebrew Congregations, and Central Conference of American Rabbis.

The weary pilots plan to land at 11:44 a.m. California time tomorrow after having completed an even six weeks—1008 hours—in flight.

NEW YORK, April 25—(INS)—

The unheard-of combination of cotton and velvet in summer dresses is legend today—yet American women are still shaking their heads.

Why, they wonder, is velvet turning up in the seemingly-incongruous role of hot-weather fabric?

Adele Simpson, who frequently

uses the "velvet touch" in her summer, '49, designs, explained:

"Paradoxically, black velvet is a most cooling touch. It absorbs the light, and it never gets dirty. What's more, in chiffon or silk velvet you have a lighter weight than silk or rayon crepe."

The kitten-soft fabric is popular as a trimming for straw hats, a binding for organdy skirts, a collar for chambray frocks, and a sash for chiffon gowns.

### Seek To Revive Low Rent Housing Measure In State

Top Veterans Organizations Urge  
Governor Duff To Take Mat-  
ter Up With House

HARRISBURG, April 25.—(INS)  
Officials of Pennsylvania's top veterans organizations are slated to meet with Gov. James H. Duff today and are expected to ask him to urge the house to revive the \$15,000,000 low rent housing program killed by the GOP caucus.

The appropriation bill is in the appropriations committee while other companion measures

rest with the state government committee.

All could be rescued from oblivion by a reversal of sentiment and sent to the governor's desk before sine die adjournment late this week. April 28 has been fixed as the final legislative day.

#### SEES PASSAGE

Frank C. Hilton of Wolesldorf, chairman of the state Veterans of Foreign Wars legislative committee, said he believed the housing program was voted down by the caucus because members were not familiar with all its points.

"I'm sure if all the implications were explained thoroughly there would be speedy and unanimous approval," Hilton declared.

Rural legislators banded together to kill the program last week. It was explained that they felt most of the money proposed in the

program would go to Philadelphia and Pittsburgh.

The state's allocation, an outright gift, was designed to be matched by federal aid; a \$50,000,000 program was ultimately anticipated.

The veterans' request is bolstered by the plea of Philadelphia city Republican Chairman William F. Meade.

Chicago—A person weighing 100 pounds on earth would weigh only 38 pounds on Mars, but would increase in weight to 316 pounds on the planet Jupiter.

## Youth Confesses To Two Murders

Police Accept Story Of 15-Year Old Robert Brennan, In "Lonely Hearts" Slayings

DOVER, Del., April 25.—(INS)—State police were reported today to have accepted a confession by 15-year-old Robert Brennan that he killed two of his mother's "lonely hearts" club admirers.

Previously, the youth said he fatally shot Wade A. Wooldridge, 67, of Bedford, Va., but that his mother, Mrs. Inez G. Brennan, 44, disposed of Hugo Schultz, 61, of Epson, N. H., with a shotgun.

According to Robert's latest statement, he asserted admitted killing both men at his mother's bidding. This version allegedly was corroborated by the mother and two other sons, George, 17, and Raymond, 23.

George, an army recruit flown to Dover from Texas on Saturday faces arraignment as an accessory. Mrs. Brennan and Robert are charged with murder and Raymond is being held as an alleged accomplice.

Capt. Frederick K. Lamb announced that George has stuck to a story that Mrs. Brennan once asked him to murder his own father.

The latter, Gottlieb Dethier, of Damascus, Va., was later divorced from Mrs. Brennan. He is the father of George and Robert, who took their mother's name following the divorce.

## UMW Buys Large Washington Office

WASHINGTON, April 25—(INS)—John L. Lewis' United Mine Workers union is now in a class with Washington's largest private property owners.

The UMW moved into this category with the purchase of its fourth downtown office building. The 11-story structure, which sold for \$550,000, is about four blocks from the White House.

In addition to its present headquarters, acquired in 1936 for \$275,000, the UMW since October, 1946, has bought two other buildings—one for about \$600,000 and another for about one million dollars.

## Headless Rooster To Become Symbol

Death From Natural Causes Claims Him Friday; Will Be Placed In Church

LOS ANGELES, April 25—(INS)—Lazarus, the headless rooster who lived in the limelight for three weeks before dying of "natural causes," will be stuffed and placed in a church as a "symbol."

This was disclosed today by the owner, Mrs. Martha Green, who bought the bird for her Sunday dinner three weeks ago.

Lazarus spent a hectic time before death claimed him Friday. He had figured in a number of suits by humane and civic agencies. Just prior to his death, he had been returned to Mrs. Green's custody after the woman had been acquitted of keeping a mutilated bird.

Mrs. Green was happy that her pet had not been killed.

"Praise God!" she exclaimed. "Lazarus has not been deprived of life by human hand. The Lord has taken him."

## B.P.W. Clubs Gather Here

District Spring Meeting Is  
Held At Epworth Church  
On Saturday

### REV. J. C. ROSE AND ROWSWELL SPEAK

Approximately 225 members and

guests gathered in the Epworth

Methodist church, Saturday after-

noon for the fifty-third district

meeting of the Pennsylvania Fed-

eration of Business and Profes-

sional Women's Clubs of District Two.

Mrs. Ada Good, of Kittanning,

district chairman opened the meet-

ing at 3:30 o'clock, at which time

Sara Sankey McCune, of New Cas-

tle, led the "Collect". Evelyn M.

Spencer, president of the hostess

club, New Castle, then introduced

the speaker for the afternoon, Rev.

J. Calvin Rose, pastor of the Sec-

ond U.P. church.

#### Rev. Ross Speaks

Rev. Ross used as his subject,

"Our Responsibility in Europe."

He explained that the people of

America do have a responsibility

toward the people of the European

countries and that this responsibil-

ity has been brought about by

the promises of American politi-

cians in Europe and by the Ameri-

can big business which is located

all over Europe in its major cities.

He told of the vast number of

refugees now installed in refugee

camps all over Europe, refugees

from Communistic ruled countries.

Rev. Ross was an American dele-

gate to the Amsterdam Conference

during the summer of '48 and gave

first hand information concerning

these refugees. He told of the

doctors, lawyers, educators, and

other learned men who are among

those in the camps and of their

courage and strength to stand up

for their rights to the extent of

leaving their homes and countries

because of the policies practiced

therein.

#### Stresses Need

Rev. Ross stressed the need for

the people of Europe to be re-

assured by the Americans. He told

of the average opinion expressed

by these people concerning Ameri-

ca and the Marshall plan. Of

America they say, we are imperial-

ists and wish to rule Europe. Of

the Marshall plan they claim that

Americans are wealthy and can

well afford to send food and

clothing to Europe. He also warned

against trying to force our capitalis-

tic way of government upon the

Europeans of today, as they are

more in need of the socialistic

system of England and are more in-

clined to think in the socialistic

manner.

In conclusion Rev. Ross stressed

three methods by which responsi-

bility can be assumed by each

person in American today: (1) see

that America receives the correct

information concerning the people

and conditions in Europe today;

(2) see that the European people

receive correct information con-

cerning America and (3) support

those Christian agencies which

are striving to bring aid to

Europe and a better international

understanding to all. It is be-

lieved that by each person assum-

ing their responsibility concerning

the welfare of the Europeans will

bring about a better understanding

of the differences among the peo-

ples of the world today.

are striving to bring aid to

Europe and a better international

lieved that by each person assum-

ing their responsibility concerning

the welfare of the Europeans will

of the differences among the peo-

ples of the world today.

**BUSINESS SESSION**

Ada Good, district chairman, then conducted afternoon business session, at which time reports were given from the district officers on their duties and activities during the past year. Highlights of each club's program throughout the year were given by each club president, and reports were heard from the chairmen of special committees.

It was announced that three new clubs have been organized in District Two, Freeport, Sewickley and Grove City, all of which were represented at the meeting. Membership has also been greatly increased in all the clubs, with 9,940 members in the state of Pennsylvania, 1,222 of which are in District II. Mrs. Good appointed Caroline Covert, of Butler and Grace Browne, of New Castle, as the auditing committee for '48-'49. An invitation was extended jointly by Kittanning, Indiana, Punxsutawney and Rural Valley to attend the Fall District meeting, the place will be announced later.

Mildred Montgomery, of Kittanning, spoke on the State Convention announcing that it will be held Bedford Springs, June 3-4-5. The nominating committee, with Evelyn Spencer, of New Castle, as chairman then retired to elect officers.

**DINNER ENJOYED**

A delicious dinner was enjoyed in the dining room of the church at 6:30 at tables uniquely appointed in yellow and blue. The "Collect" was led by Dorothy Parry, vice president of the New Castle club and the Invocation was given by Mrs. Pearl Johnson, of New Castle. Pep singing was led by Mrs. Maurice Van Gorder, with Miss Olive Webb, as accompanist, both of New Castle.

Florence Davis, vice chairman of the district and a member of the New Castle club, as toastmistress, introduced Evelyn Spencer, who extended a welcome to all members and guests. She introduced past state presidents present, Helen Blair, Wellsboro, and Dr. Mildred Rogers, New Castle. Mrs. Ada Good responded graciously. Angelo Filigenzi then played two violin selections, accompanied by the piano by Charles Farone.

A. K. "Rosey" Rowsell speaker for the evening then proved a most entertaining after dinner speaker. His subject "Laughing At The Clouds" was most entertaining as it included not only the light side of life but a novel selection of humorous stories, antidotes, and poems all guaranteed to make one smile. He was received enthusiastically by all present.

Mrs. Good then conducted a short business session at which time the following election returns were announced: District Chairman, Florence C. Davis, of New Castle; vice chairman, Charlotte Jewett; secretary, Marie Rohan; and treasurer, Laura Jean Rice. Mrs. Good then made her speech as retiring chairman and the Spring District meeting was adjourned.

Lucille Lutton was in charge of table decorations, Mrs. Martha McNally, Fanny Love and Nannie Mitcheltree in charge of registration. In charge of arrangements for the dinner was Dorothy Long, public affairs chairman.

# Larry MacPhail Dabbles In Horses And Cows Now

By BILL CORUM

(International News Service Sports Writer)  
NEW YORK, April 25.—Farmer Larry MacPhail mopped the beads of honest toil from his brow with a big red bandana and opined that nature was wonderful. Especially if you could make her pay off at around eight to one.

American racing's "Lord Fedora" looked with an approving eye over his rich Maryland acres, his herd of prize-winning black Angus, his romping thoroughbreds, and probably wondered to himself what the poor people in baseball were doing.

When Larry after his successive jackpots with the Dodgers and Yankees, put the money in his pocket and bade the boys goodbye, many opined that he soon would be back in the national pastime.

I never thought so because one day while he still was in baseball, MacPhail said to me:

"You racing guys are in the right and coming sport in the matter of public popularity. If a fellow was enough to promote and build a big modern track around New York and get the jump in night racing, when it comes, as it will, he could make all the money he'd ever want."

You'll remember, of course, that it was Larry who pioneered night baseball in the majors and that it has been a life-saver for the old game from a financial standpoint. It's doubtful if there are many far-seeing racing men today who doubt that he is right about night racing, too.

I know there is no doubt about it in Col. Matt Winn's mind and the colonel is, with me, top authority.

But who'll be the first to introduce the sport at night in the proper spot, which means close to, or in, some populous city, remains to be seen.

**PROBE MAN'S DEATH**  
MARYSVILLE, Cal., April 25.—(INS)—The new British luxury liner Magdalena suffered a huge hole in her side today when she struck a hidden reef off the Brazilian coast, 40 miles south of Rio Janeiro.

There were no immediate reports of casualties.

The 350 passengers aboard the liner were taken off by the Brazilian vessel Golaz Loide, which is scheduled to arrive in Rio De Janeiro today.

Naval vessels stood by while the passengers were transferred from the stricken 17,500-ton Magdalena, which was placed in service last month by the Royal Mail lines.

Maritime sources in Rio De Janeiro said that early reports indicated the air-conditioned ship ventured too close to the shore line last night.
